

MOHAMMED AFTAB KHAN

Phone : 6361766610 | Email : mohammedaftabkhan27@gmail.com | LinkedIn : www.linkedin.com/in/mohammed-aftab-khan

PROFESSIONAL SUMMARY

Results-driven Electronics & Communication Engineering graduate with hands-on experience in Java, SQL. Proven ability to design and implement data-driven and IoT-based solutions that improve system efficiency and reliability. Demonstrated strong analytical thinking by resolving complex project challenges through effective collaboration and proactively pursuing continuous learning opportunities to enhance team performance. Motivated to contribute to high-impact technology projects as an entry-level Software Developer or Data Engineer.

TECHNICAL SKILLS

Programming: Core Java (Oops,Exception Handling,Collections)

Database: SQL (Joins,Subqueries)

Tools & Platforms: IntelliJ IDEA, MySQL Workbench

EDUCATION

Sharnbasva University

Electronics & Communication Engineering | Bachelor of Engineering (Pass out :2025)

Achieved a CGPA of 8.52, demonstrating consistent academic excellence throughout the program.

PROJECT EXPERIENCE

IoT-Based Smart Energy Meter with Theft Detection & Energy Monitoring

- Designed and implemented a real-time energy consumption system leveraging IoT sensors to detect power theft with 95% accuracy.
- Programmed embedded modules for continuous data logging, improving monitoring efficiency by 40%.
- Built a responsive dashboard to visualize energy usage trends and automate alerts, reducing manual checks by 30%.
- Collaborated with a 3-member team to integrate hardware and software components, following an Agile development model.
